tions of men who have been guilty
of lawless conduct. Union drivers
must deliver goods to express com-
panies irrespective of strike, and
working conditions will be the same
as before the strike. Prosecutions

years," writes A. H. Davis, of Mt.

wife had a very aggravated cough,
which kept her awake nights. Two
physicians could not help her; so she

Consumption, coughs and cold, which

finally cured her." Strictly scien-

FOR FREE ADVICE

Every Woman Should Write Dr. S.
B. Hartman, President of The
Hartman Sanitarium.

MRS. JOSEPH LACELLE,
Ottawa, East, Ont. Canada, writes:

"Peruna is better by far than any other medicine sold in the Dominion for the troubles peculiar to the sex. I suffered with backache, headache and dragging down pains for over nine months, and nothing relieved me a particle until I took Peruna. A few bottles relieved me of my miserable half-dead, half-alive condition. I am now in good health and have neither ache or pain, nor have I had any for the past year. If every suffering woman would take Peruna they would soon know its value and never be without it." - Mrs. Joseph Lacelle.

Free Home Advice.

In view of the great multitude of women suffering from some form of female disease and yet unable to find any cure, Dr. Hartman, the renowned specialist on female catarrhal diseases, has announced his willingness to direct the treatment of as many cases as make application to him during the summer months without charge.

Those wishing to become patients should address The Peruna Medicine Co., Columbus, Ohio.

Nasal CATARRH
In all its stages there should be no cure. Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and gives every cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying - does not produce sneezing. Large Size, 50 cents at Drug-gists or by mail; Trial Size, 10 cents by mail. ELY BROTHERS, 50 Warren Street, New York.

CATARRH AND HAY FEVER.

Liquid Cream Balm is becoming quite as popular in many localities as Ely's Cream Balm solid. It is prepared for use in atomizers, and is highly prized by those who have been accustomed to call upon physicians for such a treatment. Many physicians are using perscrubing it. All the medicinal properties of the celebrated Cream Balm are contained in the liquid form, which is 75 cents, including a spraying tube. All druggists, or by mail, Ely Brothers, 56 Warren St., New York.

Do you want to live where the climate is mild the year round—where labor is never oppressed by stress of weather, and where animal vitality is never lost by mere conflict with cold?

Do you want to live in a region where the resources are more varied than in any other equal area in the world, where the division of great ranches affords a fine opportunity to get a small farm that will assure you a competence?

Do you want to live where, with a minimum of labor, you can grow profitable crops of grapes and small fruit, oranges, lemons, olives, prunes and almonds, alfalfa and grain, where crops are sure, business is good and capital easily finds profitable investment?

Then go to California, where both health and opportunity await your coming.

In an article concerning a carnival held last week at Silver City, New Mexico, the Enterprise has the following:

Last night witnessed the largest crowd of any previous evening and the attendance reached nearly 1000. This is accounted for, partly, by the fact that the Queen of the Carnival and her maids were crowned last evening before a large audience in the Roman Hippodrome. The Queen was Miss Jean McClure, and her maids were Misses Etta Dorsey, Mary Whitehill and Ollie Warden. The coronation took place on an improvised dais erected under the Roman Hippodrome tent. Gus Meyers, manager of the Carnival Company, was master of the ceremonies and in placing the crown on the head of Miss McClure made a pretty little speech. After the coronation the Queen and her maids were guests of Mr. Meyers at all the attractions.

The examiners acting with the Superintendent were G. B. Carter and H. S. Dean. Those who received first class certificates were the following: Gordon C. Burgess, J. M. Dalton, Laura B. Pigg, Stanton Miller, Roscoe Murray, Janet O'Brien, Hannah O'Brien, Mabel Butler, M. E. Sparks, Sam Jobe, Chas. M. Elam, Dennis Elkins, Edgar Pendleton.

Mr. Ricketts, Superintendent of the steam shovel work being done by Langhorne & Langhorne, had his hip dislocated and his knee injured last Saturday while riding on a locomotive. He was leaning against the cab and had one foot on the tender, when the tender lurched forward, catching his knee and forcing the hip out of place. He was taken to a hospital at Huntington.

Proctor Sturgell, of Wilbur, Lawrence county, and his cousin, Wallace Sturgell, passed through here Saturday on their way to Paris, Ill., where the latter resides. Wallace was visiting his uncle, John Henry Sturgell, of Wilbur, when he was attacked with a violent case of rheumatism, and had to be accompanied home by Proctor Sturgell.

The members of the Baptist Church have arranged to give an entertainment at the Masonic Opera House on Thursday evening of this week. The children will fill most of the program. A fine piano soloist from Ashland will be present and render a number of selections. The program promises an evening of excellent entertainment.

The heavy charges of dynamite exploded just below here by the force employed in connection with the steam shovel work, have broken some windows in Louisa houses, and, it is said, cracked some walls. There is especially loud complaint about the blasting being done throughout the night.

After the new schedule of trains goes into effect on the C. & O. on June 4th there will be only two collections of mail per day from the various mail boxes in Louisa. The trains east and west arrive here at so nearly the same time that it would be impracticable to do otherwise.

M. S. Burns went to Frankfort Tuesday to appear before the Board of Equalization on behalf of Lawrence county in the matter of the proposed increase in valuation of our property for taxation. As stated before in these columns, the Board increased the valuation fifteen per cent.

Miss Ada Johnson, daughter of D. H. Johnson, of Whites Creek, will be one of the graduates of the Beaumont (Ky.) College, this year. The commencement exercises took place Wednesday, May 24th.

Wreck on Big Sandy Division.

The wonderfully good fortune which had for so many years attended this division of the C. & O. Railway received a rude jar about seven o'clock last Friday night, and again about 2 a. m. the following morning.

Passenger train No. 36 left here about on time that evening with several coaches packed with raftmen returning to their various homes in the upper counties. All went well until the train reached a point a few hundred yards west of Kise. Here, from some cause not yet fully known, three coaches turned completely over. Fortunately no embankment was near, there was no fire in the coaches and hence there was no tumbling into the river, no dreadful burning. Windows were shattered and glass flew in every direction, and the crowd in the cars were mixed as they were never before and certainly desire never to be again. There were cut hands and faces, bruised bodies and sprained limbs, but not a bone broken in all the shaken up crowd.

News of the wreck was immediately carried to Ashland and as speedily as possible several more coaches were sent up to carry the passengers to their destination. The new train with its load moved on up the road.

Meanwhile a wrecking train from Ashland was sent out to clear away the ruins at Kise, and at Cherry, a mile or so further east, it ran into the rear end of the train, load of people already hurt and frightened from the disaster of only a few hours previous. Then followed another scene of fright and injury, but good fortune still attended, for, while many were sorely bruised and sprained, no limbs were broken, no one really badly hurt. The Company surgeon at this place, Dr. G. W. Wroten, was sent up to the relief of the injured and went up on the first train. The wounded men were taken on board the regular passenger train, and from Cherry to Prestonsburg the surgeon had plenty to do. The following is a list of the injured:

Pirman Green, Ashland, who jumped from engine 98, dislocated shoulder; Ben Baker, Ashland, baggage-man, general bruises; Ed Walker, brakeman, Ashland, right knee badly sprained; J. M. Polphrey, Stafford, Ky., eye hurt and back sprained; Tom Marshall, Prestonsburg, head cut; Walker Burchett, Woods, Ky., sprained leg; W. M. Roberts, Prestonsburg, side and leg bruised; J. F. Braddock, Pikeville, shoulder, leg and hand sprained; James Gibson, Pikeville back and shoulder sprained and arm cut; Jeff Crist, Prestonsburg, leg sprained; Thos. Brown, Dwaile, both legs sprained; John Poters, Praise, Ky., calf of leg mashed; Sam Watkins, Denver, Ky., head cut; John Franklin, Noviger, Mo., scalp wound and concussion of brain; H. C. McCann, Paintsville, scalp wound; Dr. Neal, Morehead, scalp wound; Simon Bartlett, Richardson, both legs sprained, side and shoulder bruised.

Other Neighbors.

Frankfort, Ky., May 22.—State Superintendent Puqua has instituted a vigorous search for the person who secured from the original lists of common school questions which were last week sold to certain applicants for certificates in Hart and Warren counties, and, if located, the person will be punished to the full extent of the law. Superintendent Puqua has offered a reward of \$50, payable out of the common school fund, for the apprehension and conviction of the person. The Superintendent is confident that the guilty person will be located, and he will make an example of him. Superintendent Puqua has given much thought to this matter of preventing the peddling of examination questions in advance of the day of examination, and it will be one of the matters discussed at the meeting of educators of Kentucky, to be held here on Thursday.

St. Louis, Mo., May 22.—An extraordinary story of fraudulent enlistment and double desertion concerning Richard and James Adkins, brothers of Huntington, W. Va., who were arrested by the Sheriff at Ashland, Ky., is printed here to-day. They enlisted together at Huntington, in October, 1902, and in November of same year deserted together from Jefferson Barracks, Missouri.

Richard Adkins fraudulently re-enlisted in August, 1904, and was again sent to Jefferson Barracks. He used the same name, and both his descriptive cards show that on his breast was tattooed "R. Adkins, Huntington, W. Va." Before the alleged fraud had been discovered he deserted again. Now against his record are double charges of desertion and fraudulent enlistment.

The Kentucky Sheriff turned the brothers over to the authorities at Columbus Barracks, Ohio, where they are held to await trial and sentence by a general Court-martial.

The following is taken from the Catlettsburg department of last Saturday's Ashland Independent:

Charles Atkinson and Joe Gardner, two very prominent young men from Salversville had business in Huntington yesterday, and remained at the Florence Hotel over night. This morning when investigating what sort of a day we were going to have, Mr. Atkinson dropped his collar button out of the window, and, stepping out after it, said, "Now, Joe, just watch me do a fancy step or two here." Mr. Atkinson, very unfortunately, did his steps on the skylight and went clear through, landing in the flour barrel in the kitchen below. No bones were broken; in fact, not even a scratch was made to show for this piece of fancy work. When the boys paid their bill, Mr. Cox said, "Atkinson, you owe me at least \$10 damages for breaking my skylight." But Atkinson replied, "You're mistaken; you owe me \$10 for not putting a dander signal there," and walked out.

Stone Crusher Purchased.

T. H. Roberts & Co. have purchased a fine stone crusher, and it is to be delivered here by June 3rd. It is to be used in preparing stone and sand for the use in the concrete piers of the Louisa & Fort Gay bridge, and also for any other purpose that may be demanded. The capacity is 200 yards per day, which is sufficient to supply all demands in this line. The company will be glad to furnish crushed stone for use in sidewalks, on streets, roads or elsewhere at much less price than it has heretofore sold for here.

This enterprising company has done the community a good turn by installing this plant, as it puts the cost of concrete within reach of all who need such work. The city and county will doubtless find it economical and advisable to use some of the output of this plant.

Portsmouth, Ohio, May 22.—Her woe has finally rendered hopelessly insane Mrs. Catherine Deal, wife and mother of the Deal family whose alleged misdeeds the past winter have excited unenviable note in the states. Officers today took her into custody upon the street, scantily clad and talking incoherently of the better days, when husband and three stalwart sons led peaceful lives on their little Kentucky farm.

Last February the youngest son, Clarence, was killed by a trapgun set in a store that the gang was attempting to rob in Wayne, W. Va. Two surviving brothers were later captured and now are awaiting trial at Wayne for a number of daring burglaries.

The papers last week told of the arrest at Manchester of the father, Wm. Deal, a daughter-in-law and four other men and women, members of an alleged gang of river pirates, and all are now in West Union Jail. They are suspected of numerous burglaries on both sides of the river and, living on a single shanty boat, marital distinctions, it is said, were wholly disregarded.

The mother refused to accompany the party, and these latest disclosures were all that was needed to unbalance her mind. She is 56 years of age and lived with her sister, who is well respected here.
